

# Transition to Charlton School

## Year 6 Transition pack

### Religious Education

Religious Education is all about understanding different Religions so that we can all live in peace. In RE students learn to respect themselves and understand their own identity and to respect others.

### Transition activities

1. **Watch the story of the blind men and the elephant.** Create a storyboard re-telling the story in your own words with at least 6 boxes and, no more than 8 boxes. Remember to include in each box a picture and written information. Write in pen and draw your pictures in pencil and add colour.
2. **Get talking!** What do you think the message of the story is? What is it saying about all the different religions? Talk about it with your family and then write up your findings.
3. **The 6 world Religions.** Choose a religion to research. Create a poster all about this religion. Include information such as who the founder was, where did it originate, place of worship, customs and practices such as rites of passage, worship, holy days. Include pictures such as symbols, maps, religious dress. If you are religious, you should choose a religion different to your own.

### Useful websites

### Films/documentaries/videos to watch

**You tube:** The Blind men and the elephant, true tube series have videos on each religion, Jesus of Nazareth, the message – the story of Islam.

### Career links with this subject

Religious Education students possess a deep knowledge and understanding that allows for some very interesting opinions and contributions to ethical issues in our society. This will be useful in careers such as: Doctors, solicitors, teachers, newspaper journalists, social workers and many more.
